

the
COMPACT device that is built for
PRODUCTIVITY

MULTIFUNCTION PERFORMANCE MEETS OUTSTANDING PRODUCTIVITY

Canon's new imageRUNNER 2500 series has incorporated standard features designed to keep your office more productive. From standard network print capability to in-built duplex functionality, this multifunctional device is perfect for any office setting.

Other key features includes a USB port, allowing you to print with, and the option to scan to your thumbdrive directly, as well as long-life components such as E-drum to reduce maintenance and maintain uptime.

The imageRUNNER 2500 series. It's your choice for greater productivity.

DIFFERENCES and SIMILARITIES

MODEL NUMBER	SPEED	COPY	NETWORK PRINT (UFR II LT)	COLOR SEND	FAX	DUPLEX	CASSETTE CONFIGURATION	DADF
iR2520	20	√	√	Opt	Opt	√	250 sheets	Opt (50 sheets)
iR2525	25	√	√	Opt	Opt	√	250/550 sheets	Opt (50 sheets)
iR2530	30	√	√	Opt	Opt	√	250/550 sheets	Opt (50 sheets)
iR2535	35	√	√	Opt	Opt	√	2 x 550 sheets	Opt (100 sheets)
iR2545	45	√	√	Opt	Opt	√	2 x 550 sheets	Opt (100 sheets)

MULTIFUNCTION PERFORMANCE meets outstanding productivity

► Printing

The easy-to-use imageRUNNER 2500 series produces unrivaled image and text quality at speeds of 20 to 45-pages-per-minute.

► Copying

Canon's cutting edge image processing technology offers impressive copy features for greater productivity and presentation results. You can also add finishing options for more professional looking documents.

► Network Scanning

The imageRUNNER 2500 series is both a black-and-white printer and a color scanner, enabling you to scan documents in both black-and-white and full color.

► Color Send

Scan paper documents and send them to one or more recipients directly from the imageRUNNER, making document distribution easy and efficient.

► Faxing

Send and receive fax messages with the optional Super G3 Fax technology. This technology enables high-speed fax transmission and reduces waiting time.

► Network

Functions such as machine status check, job operations and print instructions can all be monitored and controlled remotely through the network directly from your desktop.

► **Uninterrupted Paper Flow and Hassle-free Paper Loading**

The imageRUNNER 2500 series comes with several standard configurations for paper capacity, so you can be sure there is one for your needs. Additional cassettes may be added to boost total paper reserves to 2,300 sheets, ensuring maximum output efficiency.

With an in-built auto paper sensor, the imageRUNNER 2500 series is intelligent enough to detect paper sizes accurately. This reduces paper jams and misfeeds, translating to higher productivity.

► **Simple-to-use control panel**

The new and intuitive 7.5" QVGA touch screen lets you perform your daily operations such as Copy, Fax* and Scan jobs. Languages including Thai and Vietnamese are supported to help easy assimilation for all users.

* Installation of an optional Fax Board is required.

► **Easy maintenance and affordable with low running cost**

Utilizing a separate toner and drum design, each component can be replaced individually, reducing your running costs of maintenance. Furthermore, the new E-drum and toner feature longer durability for higher device uptime.

► **High speed scanning for digitization of paper**

Standard scanning function allows both sides of the hardcopy to be faithfully converted into electronic formats in full color. Together with the fast scanning speeds, you no longer need to spend as much time waiting at the device.

excellent **PRINT** performance

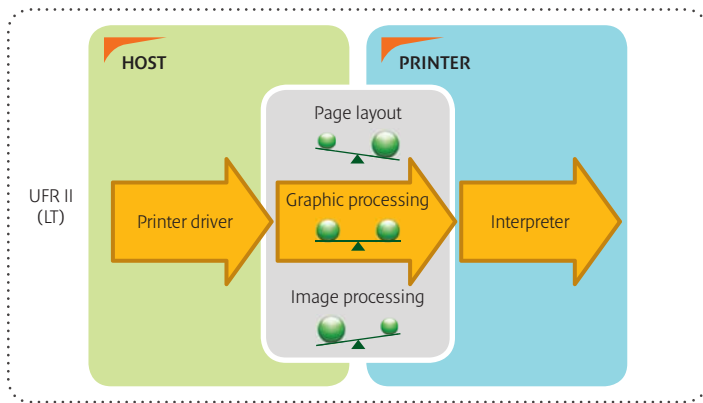

for more professional looking documents

► Standard Printing Capability

The new imageRUNNER 2500 series features a standard print capability of 1200 x 1200 dpi with Canon's innovative Ultra Fast Rendering II LT (UFR II LT) printing technology. It is an ideal blend of speed and simplicity for professional looking documents.

This unique printing solution collaborates with the processing power of the sending computer to balance the data load, and augment its own capabilities to facilitate high speed printing. Optional support for PCL5e/6 and PostScript are also available.

► Seamless Network Printing

The new imageRUNNER 2500 series can be seamlessly connected to your office network as a shared system. You and your colleagues can now benefit from network printing right out of the box. This not only saves office resources but also simplifies the ease of management.

With support for IPv6, these devices are also ready to meet your future network infrastructure requirements.

Standard network printing capability

► Halve your paper consumption with duplex outputs

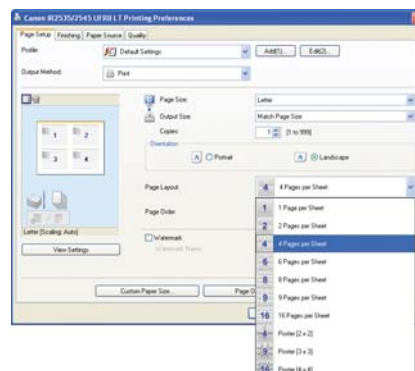

With standard duplex printing mode, you can reduce paper usage by up to 50%. This capability to print on both sides of the paper helps save resources and the environment, making it an essential feature in the office.

► Customizable Print Layout for greater efficiency

You can condense multiple originals onto a single copy with this page layout feature. This lets you print from 2 to 16 pages onto a single sheet to dramatically reduce the amount of paper used.

Print two pages on a single piece of paper to save precious resources

► Direct USB Memory Printing

With standard USB input, you can walk up to the device and print JPEG and TIFF files with your thumbdrive on the spot.

impressive COPY capabilities

multiply your productivity with imageRUNNER technology

► Rotation and Collation of Paper output

The new imageRUNNER 2500 series allows for rotation and collation of paper output, without the need for additional finishing options. This convenient feature eliminates the time consuming, tedious and manual sorting of paper documents, saving you both time and effort for the large volume of documents.

► ID Card Copying

With the ID Card Copying function, both sides of the card can be copied on a single side of the paper in its actual size with just a few clicks.

► Create booklet copies for easier reading

You can create booklet copies from 1-sided or 2-sided originals, making it easier to read and carry around with convenience.

► Save paper and filing space

This feature allows you to automatically reduce and repaginate multiple-page originals and bound originals to fit on a sheet of paper. It significantly reduces the number of pages used and filing space, delivering cost efficiency and is especially convenient for hand-carry of large-volume documents or materials.

► Scan-Once-Print-Many

Canon's Scan-Once-Print-Many technology allows you to scan the originals once and print many copies easily by using the images stored in memory, resulting in reduced scanner wear.

You do not need to wait for the current job to be completed before scanning other documents. The device is able to start scanning for a new job even when its print function is busy.

► Paper Size Auto Magnification

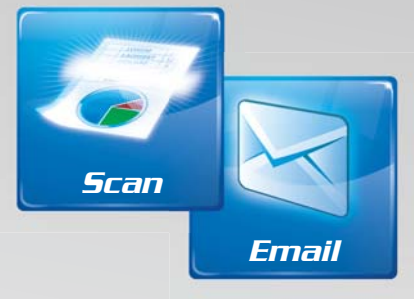

Enlarge or reduce contents easily to fit paper sizes with only a few clicks. This reduces guesswork automatically, and offers you the ability to select copy magnification from 25% to 400%.

► Other useful features

- Erasing Shadows/Book Frame Erase
- 2-Page Separation
- Copying Different Size Originals Together

SCAN and SEND in full clarity

vivid images at the touch of a button

STANDARD

► Add color to your scans with Color Network ScanGear

Using the Color Network ScanGear, you can easily edit or modify scanned images at your own workstation and create crisp, clear, and detailed colored images by utilizing the network in your office. There is no need for standalone scanners or dedicate a PC to a scanner, saving precious time and resources.

OPTIONAL

► Distribute to anywhere with Color Send

Simply scan hardcopy originals and transmit them in PDF, JPEG or TIFF format to email addresses, shared folders, desktop PCs or faxes* in a single operation. This reduces the cost of hardcopy distribution, saving time, money, and filing space.

* Installation of optional fax board is required.

The imageRUNNER 2500 series works as a central device for your document transmission needs.

► Create Searchable PDF automatically

You can create a Searchable PDF by enabling a scanned image to be text searchable. This reduces the time taken to search for keywords, especially within lengthy documents.

► Reduce file size to save disk space and bandwidth

Canon's innovative PDF High Compression Mode enables you to compress the file size of color images to approximately 1/10th the size of the original size while maintaining image quality. This allows for meaningful electronic archival of documents at the optimal balance of quality and file size.

Color Send with High-Compression Mode "PDF (Compact)"

Original: 11" x 17" Hard-copy, Color Graphic with Text

High-quality Image Output
Minimal File Size

► Scan and store directly to your USB thumbdrive

The new imageRUNNER 2500 series offers a new level of convenience with optional direct scan to USB memory – an indispensable function for users who are in a hurry or want quick paper conversion to electronic files without the use of a PC. You can convert paper documents to PDF, JPEG or TIFF formats and save them directly into a USB memory media.

hassle-free FAX functionality

with high speed document transmission

► Super G3 Fax Technology

Send and receive fax messages with the optional Super G3 Fax technology. The fast speed dramatically reduces your telephone charges, saving you time and money. The address book also allows you to store your fax addresses, and even in groups for multiple destinations at one go.

► Reduce paper consumption with Duplex Printing

With standard duplex printing, you can print incoming faxes on both sides of the paper to reduce paper consumption and filing space.

► More fax input possibilities

Compared to standalone fax machines, faxing on multifunctional devices offer much more without requiring additional storage space. You can input from hardbound documents directly and even up to A3-sized documents.

► PC Faxing

With PC Fax, you can send faxes from your PC through the network and eliminate the need to print out hardcopies in conventional faxing, hence reducing paper wastage.

** Installation of PCL is required to send PC Faxes*

Transmit your faxes directly from your PC through the imageRUNNER 2500 series.

► 1000-page Storage Capacity

With the capability to save up to 1000 pages in memory, you can store outgoing faxes and schedule the actual sending at a later time to reduce device workload and optimize efficiency. Furthermore, you no longer have to worry about losing incoming faxes, even when toner and paper supplies are out.

► Fax Forwarding

With fax forwarding, incoming faxes can be configured to automatically route to your desired location such as email or shared folder.

In this way, you can view and print them out later when necessary, saving paper and toner costs.

the imageRUNNER 2500 series
- your office productivity assistant

secure device MANAGEMENT

for greater control

► Remote User Interface for greater convenience

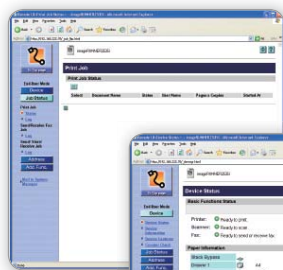

The Remote UI (Remote User Interface) is a software built into the machine that enables users to access machine functions and settings from a web browser on a computer.

Some examples of what you can do on the Remote UI:

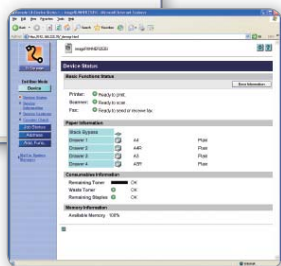

- Check machine and supply status
- Register or edit addresses

This allows the administrator to manage and control the machine configuration over the network.

Viewing the jobs

Checking the consumables

► Manage access with Department ID & Control Cards*

By activating the Department ID mode, usage of imageRUNNER 2500 series can be restricted to only users with a valid ID & password.

- Create up to 1,000 accounts with passwords
- User Authenticity
- Restrictions can be set on copy, print and scan for each individual user

This promotes greater cost awareness among staff and gives you total cost control.

Example:

	Copy	Print	Scan
USER A	100 page limit	50 page limit	100 page limit
USER B	100 page limit	150 page limit	20 page limit

* Usage of control cards require additional hardware installation.

► Easier maintenance with e-Maintenance

Keep track of consumables, device usage and reduce tedious administrative work such as manual meter reading and billing verifications automatically. With e-Maintenance, you can do all these from your desktop, translating to lower downtime and higher productivity.

** e-Maintenance works with most Canon copiers, printers and multifunction devices. For more information on what models are supported, please contact Canon.*

a better ENVIRONMENT

makes better business sense

Canon designs multifunction devices with the environment in mind, aiming to reduce energy consumption when in use and ensuring ease and comfort of operation.

► Energy Conservation

With Canon's RAPID Fusing System™, imageRUNNERS are ready to print instantly, reduce high energy consumption and keep costs at a minimum. imageRUNNERS are certified as international ENERGY STAR® compliant.

► Eco-friendly with Green Technology

Other than saving energy, Canon has also successfully developed a unique roller-charging system, which effectively absorbs and disperses the ozone through a filter, making it an ozone-free operation.

► Compliance with EU directive on RoHS (Restriction on Hazardous Substance)

At Canon, non-hazardous materials and green technology are used. As such, you can be assured that with Canon products, your business and well-being are taken care of.
